Hello,

I appreciate the updated information.

Who is responsible for putting on a new lock? DOT, PBID or the Chamber? Is there a way to secure it in the mean time?

Please advise.

Good afternoon all,

visited Lot today, made contact with local business owner whom had made the original complaint,

There are 8 electrical outlets along the brick wall @ Plaza, facing 6th St, am told they are there for electrical usage such as amplifier, mixer, lights, etc... for Community events such as Music night, Xmas, etc.... organized by Chamber of Commerce, see attached pictures.

Locks looks to be intact, but outlets are not locked, am told Chamber of Commerce have misplaced the keys.

BID does not have keys either. They are requesting new keys to lock these outlets unless used for Community events.

At the present time, homeless people are using the exposed outlets to power their radios, lights, phone. Am looking for spare keys to provide Chamber of Commerce,

thanx,

Hi Nicole,

Lot 735 at 6th and Mesa belongs to DOT and we will address the exposed outlets issue.

Michael,

Please inspect Lot 735 to investigate and propose remedy.

Thank you,

Nicole,

I forwarded this to our off street parking group for their response.

Good morning,

There are exposed outlets at the City parking lot at Mesa and 6th Street.

LADOT, PBID and GSD are on this e-mail thread.

Who is the appropriate entity to have those outlets locked?

Thank you,
